

# 2018 T-Trak Project

Continuing to Build Additional Modules

# Current Status

- The Division has 6 owned Modules
  - Two single straights
  - Four corners
- When we began the program, it was intended that we would have additional modules built by the members

# Use of the Modules

- Initial use was for a demonstration at a Sunday Meeting
- Used successfully at the “Trains Day at the Library”
- Ready to be used in invited train shows

# Invited Train Shows

- Division 8 Louisville Train Show – Nov. 18, 2017 Organizer Central Kentucky T-Trak
- World's Greatest Hobby, Louisville – January 20-21, 2018 Organizer Central Kentucky T-Trak

# 2018 Module Build Program

- 2018 Program will focus on straight double modules – 24+ inches long
- Will allow for a more detailed diorama
- Initial scope will be to build four modules
- Ready for use at WGH show in January.

# Module Build Nights

- Reserved space at the Eastside Library
- First meeting is on November 14, 2017
  - Orientation and Track Laying
- Second Meeting is on January 9, 2018
  - Final Landscaping

# Volunteers

- Bob Belt
- Bruce DeMaeyer
- John Gorman and Stew Winstandley
- One more Member

# Specifics

- Module frames will come to us preassembled
- Standard sizes
- Will be built to Division T-Trak standards
- Diorama is the choice of the builder
- Will be shared with the Division at the Bring and Brag in January

# Target Layout

# Open Invitation

- Division Members are welcome to come to both of the Module Build Days
- Watch the progress of the builds
- Learn how easy this really is
- Participate in the next round of the Builds
